Quick Tips

- Enter your search terms in lower case with a space between the terms.

    ```
    sales offices
    ```

    You can also enter a full question or concept in plain language.

    ```
    Where are the sales offices?
    ```

- Capitalize proper nouns to search for specific people, places, or products.

    ```
    John Colter, Netscape Navigator
    ```

- Enclose a phrase in double quotes to search for that exact phrase.

    ```
    "museum of natural history" "museum of modern art"
    ```

- Narrow your searches by using a + if a search term must appear on a page.

    ```
    museum +art
    ```

- Exclude pages by using a - if a search term must not appear on a page.

    ```
    museum -Paris
    ```

Combine these techniques to create a specific search query. The better your description of the information you want, the more relevant your results will be.

```
museum +"natural history" dinosaur -Chicago
```
